Report to: All Councillors

Report from: Parish Clerk

Date: 14 September 2017

Subject: Council priorities for the period to April 2019

1. Purpose

- 1.1 One of the lessons of my first 7 months in post is that work of the parish council is very varied. In the course of a month the Parish Council deals with enquiries on many different topics. Sometimes these are best resolved by redirecting queries to the County or District Council. In other cases they require councillor or staff time to resolve satisfactorily.
- 1.2 Immersed in many different activities and responsibilities, it would be tempting for the Parish Council to see all the different strands of work as equally important. In one sense they are, of course, in that behind each issue there are local residents who rightly expect a good quality of service, even if this is simply signposting to another agency. In another sense, there is a danger in failing to identify the bigger goals that the Council might have, which might make a difference to the quality of life of the Barling / Little Wakering / Stonebridge community as a whole.
- 1.3 Increasingly, with the Council's budget under pressure, it will need to look to secure funding from external bodies that will mainly award their funds to agencies which have declared a clear picture of where they are going, what their priorities are and how they intend to achieve them.
- 1.4 Such an approach would also perhaps help both the Council and the clerk to differentiate between issues arising that may appear urgent but have no strategic importance, from those which will help the Council to deliver a service which has the most positive impact on local residents' quality of life.
- 1.5 If the Council draws up (I suggest no more than) 4 broad priorities, the clerk can then draft an annual work plan to attend to these, for members to scrutinise and decide upon. Whereas the broad priority areas will be ongoing aims, the work plan would identify tasks or opportunities that would be specific, measurable, attainable, relevant and timed. Councillors can then assess the progress being made.

- 1.6 As elected representatives, Councillors will be well-placed to know the priorities of the local residents and, for this reason, it would be best if the Council's priorities were initially identified by members rather than the clerk. It would be good practice for these to be open to public consultation. The broad areas might include the following (as illustrations only):
 - Sustainable planning for the community facilities managed by the Council: Wildlife Reserve; Parish Hall; Play Space.
 - Promoting activities and events of benefit to the wellbeing of the local community.
 - Aiming for the Parish Council to provide an excellent and friendly service to local residents, including maintaining open channels of communication.

2. Recommendation

2.1 Council is recommended to discuss the benefits of identifying a small number of main priority areas for the period from now until the next elections in 2019 and to agree any action.

Report from: Clerk

Subject: Marketing the Parish Hall for a sustainable future

Date: 14 September 2017

1. Introduction

1.1 The Parish Hall comes back into use in autumn 2017. As a reminder of its primary purpose, here is the charitable object of the Trust from which body the Parish Council leases the building:

"A Parish Hall for the benefit of the inhabitants of the parish of Barling Magna in the County of Essex.....[for] meetings, lectures and classes and for other forms of recreation and leisure time occupation with the object of improving the conditions of life of the inhabitants."

- 1.2 Over recent years the deterioration of the condition of the hall made it very unattractive to potential users, resulting in very modest lettings income which was significantly below the operating costs. The hall now needs to be marketed effectively over a sustained period to ensure adequate income levels and this report is intended to suggest how this might happen.
- 1.3 It is also some time since the Parish Council last reviewed its policy on lettings and the re-opening of the hall would be a timely point to do so.
- 1.4 This report has been prepared by the clerk, with the kind assistance of the Hall Manager.

2. Financial issues

- 2.1 A projected 3-year operating budget for the hall once re-opened is set out as an appendix to this report. It is fairly easy to establish the fixed costs of the hall. The variable costs will be those that fluctuate with usage, so the figures given in italics are rough estimates which will certainly vary according to how well or little the hall is used.
- 2.2 The Council may decide that operating the Parish Hall is one of the main pieces of work that its annual budget should support and that any associated income should not be expected to offset all the costs. Your clerk's recommendation is that you

- should begin by seeking to break-even over time. If the Council's budget comes under further pressure owing to austerity or competing demands for spending, it would be helpful if the cost-centre of the Parish Hall could be largely self-financing.
- 2.3 If the hall is to break even financially, based on the figures at Annex A below it will have to generate £1,249 per month in income in the first year; £1,286 in year 2 and £1,325 in year 3. To offer an example of how this might be achieved, in year 1 this would require an average of around 22½ hours of lettings per week at a nominal £13 per hour (recommendations for hourly rates are set out below).
- 2.4 On the other hand, if the Council decides to bear the costs of the Public Works Loan Board from its own resources, these figures reduce to £832, £857 and £883 respectively. To give an indication of how this might be done, in year 1 this would require an average of around 15 hours of lettings per week at a nominal £13 per hour.
- 2.5 This level of income is very unlikely to be met from small-scale, one-off lettings for birthday parties, Messy Church and so forth alone fully accepting that such events are central to the purpose of having a community facility such as the Parish Hall. To aim to break even, the marketing of the hall must include some regular commercial or sustainable charitable use, e.g. Weight-Watchers, Slimming World or similar, where there is a block booking for afternoons or evenings throughout the year and where the letting generates income.
- 2.6 The Council may need to market the hall competitively to attract high-value, sustainable clients. We may need to offer users of other premises inducements to relocate to Barling Magna, for example an initial lettings 'holiday' of reduced payments.
- 2.7 Even with lots of enthusiasm and goodwill, it will take the Council months if not longer to build up a satisfactory balance of lettings to enable us to move towards meeting the income level required. Our marketing of the hall must be sustained during this period.
- 2.8 A complementary source of funding would be grants, for which the Parish Hall Trust with its charitable status might apply. To be successful, the following would be required:
 - a. Regular scanning of the grants opportunities and the capacity to respond often against tight deadlines
 - b. A thorough and current bank of statistical and anecdotal evidence of local needs
 - c. A compelling vision and narrative that will convince grant-makers of the need and the energy and determination of local people to respond
 - d. An entrepreneurial approach

- 2.9 When the hall shut, the rates were:
 - £12 per hour for general hire (parties, christenings, funerals etc.)
 - £9 per hour off-peak hire, i.e. during the day Monday to Friday.
 - £9 per hour for regular hirers and clubs including evenings
 - £10 per hour for the committee room.

We have an advantage over the Memorial Hall in Great Wakering with our hourly rate hire option. The Memorial Hall only allows hiring in 4-hour blocks.

- 2.10 The following are recommended rates for the remainder of 2017-18, as a starting point for discussion at the Council meeting on 14th September:
 - £13 per hour for general hire (parties, christenings, funerals etc.)
 - £10 per hour off-peak hire, i.e. during the day Monday to Friday.
 - £12 per hour for regular hirers and clubs including evenings
 - £13 per hour for the committee room.
- 2.11 Regarding the deposit, we used to charge £50 which was refundable after the Hall Manager had checked the hall for damages. The hirer would complete a booking form and sign it, confirming they had read the terms and conditions, a copy of which they were also given. A draft revision of these is set out at Annex C. The £50 deposit would usually take the form of a cheque however, cheques are becoming rare these days and will be phased out completely in due course. We could move to online booking and payment system but we need to recognise that we are constrained by financial regulations about payments, for example returned deposits, and we must avoid additional administration.
- 2.12 Members are asked to consider whether £50 remains a realistic deposit or should this be £100?
- 2.13 Council is asked to note that it would be unlawful to charge different rates or deposits to hirers based on their age (a common practice previously in other parishes).

3. Marketing ideas and possible costs

3.1 Here are some ideas – there will almost certainly be more (and better ones) and they would be very welcome as part of creating marketing plan.

Idea	Possible cost	Intended market
Open weekend, with light refreshments and possibly linked to (but not limited to) a formal re-opening	£20	Local residents, both for single events (birthday parties) and for the regular

Idea	Possible cost	Intended market

Attractive colour printed posters, laminated, at noticeboards and key points in the parish	£30

Prominent display on our website, with links through to a bookings form and email	Nil	
Press releases to Southend Echo and other local newspapers. Probably only really get one chance at publication without some additional 'spin'.	Nil	
Regular updates to the places where potential hirers would look for information: libraries; District Council; Rayleigh and Rochford District Association for Voluntary Service	Nil	Community and potential commercial users
Direct contact with identified potential block-booking clients, e.g. slimming clubs; parent and toddler clubs; local businesses looking for neutral places for offsite meetings; Yoga practitioners; community churches from south-east Essex seeking a regular meeting place; youth organisations; community churches.	Staff time	

3.2 Council is recommended to agree an initial marketing budget of £350, to be spent on a mixture of the items at 3.1 above and to delegate authority to commit this fund to the Clerk, in consultation with the Chair and Vice-Chair. *If there is to be an entertainer engaged for the opening, it is assumed that they will donate their fee or seek a greatly reduced payment.

4. Recommendations

- 4.1 Council is asked to decide whether it wishes to attempt to recoup the full costs of operating the Parish Council cost-centre from lettings or whether it wishes to absorb the capital loan repayments to the PWLB from its main budget (para 2.2 above).
- 4.2 Council is requested to consider and decide upon:
 - a. Hall Hire rates (item 2.8 and 2.9 above);
 - b. Deposit rates (item 2.10 and 2.11 above);
 - c. Draft booking conditions (Annex C)
 - d. The size, scope and delegated authority for a marketing budget (item 3.2 above)
